

William Grubb

PROFILE

Creative and commercially aware Fashion Design graduate from Nottingham Trent University (2:1) with experience in presentation design, branding, and visual storytelling across sports and lifestyle projects. Skilled in developing pitch decks, campaign assets, and multi-channel design solutions using Adobe Creative Suite. Experienced in translating concepts, insights, and brand strategy into clear and compelling visual narratives across digital, print, and presentation formats. Combining a lifelong passion for sport with strong creative and collaborative skills, I am seeking to build a career within sports and entertainment design in a fast-paced agency environment.

EDUCATION

Nottingham Trent University

BA (Hons) Fashion Design | 2021 – 2025 | 2:1

Playmakers – Final Major Project

- Developed Playmakers, a sports-inspired brand exploring the relationship between football fandom, movement, and identity.
- Developed campaign identity and editorial-style visual assets for Playmakers, translating sports culture insights into presentation-led storytelling and branded communication materials.
- Applied market research, consumer insight, and visual storytelling throughout proving my ability to multi-task.
- Researched athletic movement, performance textiles, and fan culture to develop the brands concept.

Dissertation: Football Fandom, Symbolism, Identity and Fashion

- Conducted in-depth research into how football culture influences personal identity and consumer behaviour.
- Explored how clubs, brands, and supporters use visual identity to build community and emotional connection.

Industry Projects

- Completed live design projects for Ted Baker and Paul Smith, responding to professional briefs and commercial requirements.

- Selected as a finalist for a Paul Smith outerwear and sports-inspired design brief.

WORK EXPERIENCE

Assistant Designer

WeeDo Funwear, Hamburg, Germany | Sept 2023 – Sept 2024

- Worked directly with the Founder and CEO to develop the Autumn/Winter 2024 ski wear collection.
- Created branded presentation decks and marketing templates for franchises, supporting pitch materials and visual storytelling across multi-channel campaign outputs.
- Collaborated with internal teams to develop presentation materials communicating brand identity, campaign direction and strategic objectives to stakeholders.
- Produced visually compelling presentation layouts and assets under tight deadlines for commercial and franchise-facing communications.
- Conducted trends, fabric and market research to support product development.
- Assisted in print development, visual graphics and garment detailing while maintaining brand consistency.

Additional Achievement

- Managed the company's second-hand retail initiative, increasing revenue by 110% through improvements to product presentation, pricing strategy and customer experience.

Co-Founder

The Hyperion Project | 2018 – Present

Co-founded an independent streetwear project focused on graphic-led apparel and contemporary sports-inspired design.

- Designed collections, sourced materials and managed product development from concept to production.
- Operated e-commerce sales and contributed to social media content and brand communication.
- Developed practical experience in branding, marketing, consumer engagement and creative direction.

Additional Achievement

- Led celebrity endorsement initiative for the Hyperion Project featuring an Indian public figure, contributing to increased brand awareness and campaign reach.

Fashion & Retail Intern

TM Lewin, London | October 2019

- Assisted the design and buying teams during development of the Spring/Summer collection.
- Gained exposure to commercial product development, retail planning and the transition from concept to production.

SPORTING BACKGROUND & INTERESTS
